TERMINAL DISCLAIMER TO OBVIATE A DOUBLE PATENTING REJECTION OVER A PENDING SECOND APPLICATION

Petitioner, Cirvine Corporation, is the owner of 100% percent interest in the aboveidentified application.

Petitioner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U. S. C. 154 to 156 and 173 as shortened by any terminal disclaimer filed prior to the grant of any patent granted on pending second Application Number 09/891,795 filed on June 25, 2001. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that is and any patent granted on the second application are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon grantees, its successors and assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S. C. 154 to 156 and 173 of any patent granted on the second application, as shortened by any terminal disclaimer filed prior to the patent grant, in the event that any such granted patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

Check either box 1 or 2 below, if appropriate:

1. [] For submissions on behalf of an organization (e. g. corporation, partnership, university, government agency, etc.), the person signing (shoes title is supplied below) is empowered to act on behalf of the organization.

I hereby declare that all statement made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the Unite States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
